MOHD MANSOOR

Uttar Pradesh, Noida Sector-62 | (+91) 63969-28408 | mdmansoor0065@gmail.com

PROFESSIONAL SUMMARY

Certified Java Professional with 6 months internship experience in Core Java, Advanced Java, Spring Boot, RESTFul APIs and Hibernate. Proven communicator, committed to surpassing project goals and client expectations. Successfully orchestrated projects like Banking Management System and Customer Management System, leveraging Spring Boot, Hibernate, JPA, and Java frameworks.

TECHINICAL SKILLS

- **Core Java:** Proficient in Object-Oriented Programming (OOP), Arrays, Strings, and Exception Handling.
- Advanced Java: Skilled in Multithreading, Collections, JDBC, Servlets, and JSP.
- Java Frameworks: Extensive experience with Spring Boot, MVC, RESTful APIs, Security, and Hibernate.
- **Database:** Proficient in SQL, MySQL, JPA, and Hibernate.
- Web Development: Competent in HTML, CSS, JavaScript, and React.
- IDEs: Proficient in IntelliJ IDEA and Eclipse.
- Version Control: Experienced with Git and GitHub.
- **Testing:** Familiar with JUnit, Postman, and Unit Testing.
- Build Tools: Proficient in Maven and Gradle.
- Additional Technical Skills: Adept at working with JSON, Postman for API testing, and a comprehensive understanding of version control and build tools.

PROJECTS

Banking Management System: Self-Practice

- Developed a Banking Management System in Java, fortified by the prowess of Spring Boot and JPA.
- Crafted a visually stunning and responsive frontend using **Thymeleaf**, **HTML**, **CSS**, **JavaScript**, and **Bootstrap**.
- Introduced cutting-edge features: impervious user authentication, seamless withdrawal, deposit, and money transfer functionalities.
- Executed a tech symphony with Java, Spring Boot, JPA, and dazzling frontend tech like HTML, CSS, JavaScript, Bootstrap.
- Transformed banking operations, setting a new standard for efficiency and user experience through technological brilliance.

Customer Management System: Self-Practice

 Developed a Customer Management System in Java with a robust Spring Boot and JPA backend.

- Designed a responsive frontend using **Thymeleaf**, **HTML**, **CSS**, **JavaScript**, and **Bootstrap** for an appealing user interface.
- Implemented CRUD operations, ensuring seamless customer record management.
- Emphasized user-friendly design and maintained data integrity through JPA.
- Achieved streamlined operations and increased efficiency in customer management.

EDUCATION

Bachelor of Computer Applications (BCA)

Teerthanker Mahaveer University, Moradabad

Percentage: 82%Graduation Year: 2021

CERTIFICATION

"Certified Java Full Stack Developer with expertise in both Frontend and Backend Development, gained through professional training at CETPA Infotech Pvt Ltd."
